

Ingrid Bergman Is Mother of Son

ROME, Feb. 2 (AP)—The Italian news agency Ansa said film star Ingrid Bergman, beautiful estranged wife of Dr. Peter Lindstrom, gave birth to a baby boy tonight in a Rome hospital. Both the mother and child were reported in "excellent condition."

Ansa's account said the birth occurred at 7 p. m. (1 p. m. Pottstown time) in the Villa Margherita clinic.

Director Roberto Rossellini, stormy genius of Italy's film world, was reported at Miss Bergman's bedside. The 34-year-old actress has announced she intends to marry Rossellini after she obtains a divorce from Dr. Lindstrom, a Hollywood physician.

Ansa said Miss Bergman was attended by Drs. Pier Luigi Guidotti and Giuseppe Sannicandro. Neither the attending physicians nor Rossellini could be reached immediately.

A source, who declined to be identified by name, said a friend of the director had informed him of the birth. This informant said the birth took place a few hours after the Swedish actress was taken to the clinic.

AT THE CLINIC, which is operated by nuns, the mother superior told newsmen Miss Bergman was not a patient there. She suggested the report might have arisen from the fact that a Roman princess had given birth there tonight.

The clinic's switchboard operator, when asked about Miss Bergman's condition, replied: "Everything is normal." Then she hastily added: "We know nothing. We do not know whether she is here."

Miss Bergman filed for divorce from Dr. Lindstrom, Jan. 25, in First District court, in Juarez, a Mexican border city just across the Rio Grande from El Paso, Tex. The actress signed the action in Rome, and it was notarized by Kathleen Taylor, U. S. consulate attaché.

The romance of Miss Bergman and Rossellini blossomed the past year on the volcano-topped isle of Stromboli off Sicily. There, under Rossellini's direction, the actress starred in a soon-to-be-released movie named after the volcano.

WHILE THE FILM was being shot, the glamorous Miss Bergman rode on a donkey, climbed to the top of the 3000-foot active volcano and breathed the ash-laden air of the island without complaint.

READING CO. MAY CUT FARES FOR SANATOGA HILL

50% Slash Considered For Trip to Pottstown; PRT Extension Opposed

The Reading company's bus division said yesterday it would do its utmost to cut the cost of riding between Sanatoaga Hill and Pottstown in half, but would oppose any extension of Pottstown Rapid Transit company's bus route.

This news was given Mrs. Paul Meyers, Pottstown RD 4, chairman of the informal committee seeking better bus service, by A. William Wharton, Philadelphia, assistant superintendent of Reading Transportation company.

Wharton and Eric C. Fegley, Reading, traveling passenger agent for the Reading company, presented their case during a morning visit to her home in Sanatoaga Hill park. "They came in answer to a letter sent R. W. Brown, Reading company president."

MRS. MEYERS' letter had asked the company to waive any objection to an extension of Pottstown Rapid Transit's service to the eastward, to accommodate people living on and near the hill.

Wharton told her that the Reading line would "vigorously oppose" any extension of the PRT's service eastward.

But, he emphasized, the Reading line also would seek approval by the State Public Utility commission for a sharp reduction in bus fares for residents in that section.

At present, the fare between Sanatoaga Hill and Pottstown is 22 cents. Wharton said the Reading Transportation company hopes to have this fare reduced in the near future to 12 cents or even ten cents. Mrs. Meyers' and her group have pointed out that the 22-cent fare made regular use of the Reading buses prohibitively expensive for many residents.

SOME SHOPPERS would ride the Reading buses to Norristown and Reading rather than pay this relatively expensive fare to Pottstown, she said, while others had to trudge all the way to the bottom of Sanatoaga Hill, the Pottstown Rapid Transit's normal eastern boundary.

Wharton said that reduction of the fare to about ten cents probably would bring a sizeable increase in travel on Reading buses by residents of the Sanatoaga Hill section.

Such an increase, he continued, would be a major aid to residents living along Route 422 in the Limerick-Collegeville section.

He explained that, at present, the eight round trips made daily by Reading buses between Pottstown and Collegeville have been a losing proposition for his company.

WITHOUT SUCH additional passengers, Wharton said, the Reading Transportation company may be forced either to reduce or eliminate the buses running only between Collegeville and Pottstown.

The Reading executive conceded that his company's opposition to one proposed extension of Rapid Transit service—a loop southeast of Route 422 from Sanatoaga Hill to Township Line road—would leave residents in that loop who live well south of Route 422 without adequate service.

But, he pointed out, reduction of the Reading bus fares would (Continued on Page Three)

Appendicitis Strikes Girl Attending Class

Betty McMann, 17-year-old senior at the Pottstown Senior High school, was taken to Phoenixville hospital early yesterday afternoon for an appendectomy after she was stricken during a physical education class.

After the operation was performed at 4:30 p. m., her physician said she was "in very good condition."

Betty, a daughter of Mr. and Mrs. Russell McMann of Linfield, had complained of pains in her right side early yesterday.

She went through morning classes, nevertheless, and even did exercises in the gymnasium in a class directed by Miss A. Edna Hutt, until she could no longer stand the pain.

The school nurse, Mrs. Mildred J. Hutt, drove Betty to her home and then to Phoenixville hospital. A blood count was taken and the operation performed within a few hours after her arrival.

Blessing of Throats to Mark Feast Of St. Blaise in Catholic Churches

The traditional blessing of throats will mark the celebration of the feast of St. Blaise today in Catholic churches throughout Pottstown.

At St. John's Catholic Church of the Greek Rite, however, the ceremony will not be observed until next Saturday.

One of the martyrs of the church, St. Blaise was a bishop of Sebaste. He was put to death about the year 316.

Burglars Smash Plate Glass Door, Get \$767 Loot From Stowe Shop

Thieves Haul Away Radios and TV Sets

Burglars smashed a big plate glass door facing directly on West High street in Stowe early yesterday, entered Varady's Radio and Refrigerator Service store and crawled out through the door again with \$767 worth of loot.

The thieves got three television sets, eight small radios and a radio-phonograph. The biggest television set, one with a 12-inch tube, would have made a man-sized job for one man to carry, let alone crawl with it through a doorway.

William Varady, store owner, told Collegeville State Trooper Donald C. Beacraft, who investigated, that the theft occurred sometime between about 12:15 a. m. and 9 a. m.

Varady explained that he had been in the one-story white cement building on the south side of the highway until after midnight, working and keeping one eye on late television shows.

Among the sets taken was a table-model television set that he had brought to the store Wednesday. His loss was not insured, he added, since burglary insurance rates would be prohibitively high for the store, which is several hundred feet from the nearest occupied building.

VARADY SAID the first thing to catch his eye when he got out of his truck at about 9 a. m. was a big hunk of glass from the doorway. It was leaning neatly against the west corner at the front of the building.

In the corner of the building was a fresh gash, presumably made by the burglars.

Varady said the thieves must have used the front doorway both coming and going, since there was no sign that they had tried to enter by the rear cellar door.

And since the front door cannot be unlocked without a key, even after its glass is broken, Varady continued, the thieves must have hauled all the loot through the sharp-edged opening made by breaking the glass.

The boldness of the burglars was accentuated by the fact that the interior of the store has a night light, which still was burning when the owner arrived yesterday. The entire front of the store has big plate glass windows, making it clearly visible from the highway.

THE BURGLARS virtually cleaned off the front shelves at the left of the door, and took the two table-model television sets from the right front of the store.

They also took one radio from a back shelf at the right, then apparently were frightened away, perhaps by approaching headlights, before they could finish cleaning off this shelf, which held a half dozen more small radios.

The burglary occurred about three blocks west of the milk shake bar where thieves stole a \$329 television set—antenna and all—the past March 23.

In the first theft, the possibility was raised that the television set had been taken by someone who was disgruntled because he didn't win it as a punchboard prize.

Cafeteria Servings Reach New High

The serving of hot platters in Pottstown Senior High school's cafeteria at a nine-cent saving to students is reaching a stable popularity, it was indicated when figures for both Wednesday and yesterday showed new highs for participation in the program.

W. O. Cressman, director of the vocational school and informal head of the cafeteria, said there were 82 students taking advantage of the subsidy Wednesday and 84 yesterday.

"I believe we're coming to the leveling off now," asserted Cressman.

When the program started, only six students bought the 25-cent platter. The high of the past week was 36.

Victim of Stack Fall Reported as Improved

C. Franklin Stead, 60, Pottstown RD 1, engineer at March-Brownback company's foundry near South Charlotte street, who was injured critically Tuesday when a cupola stack fell through the roof, was "much improved" yesterday, Pottstown hospital physicians reported.

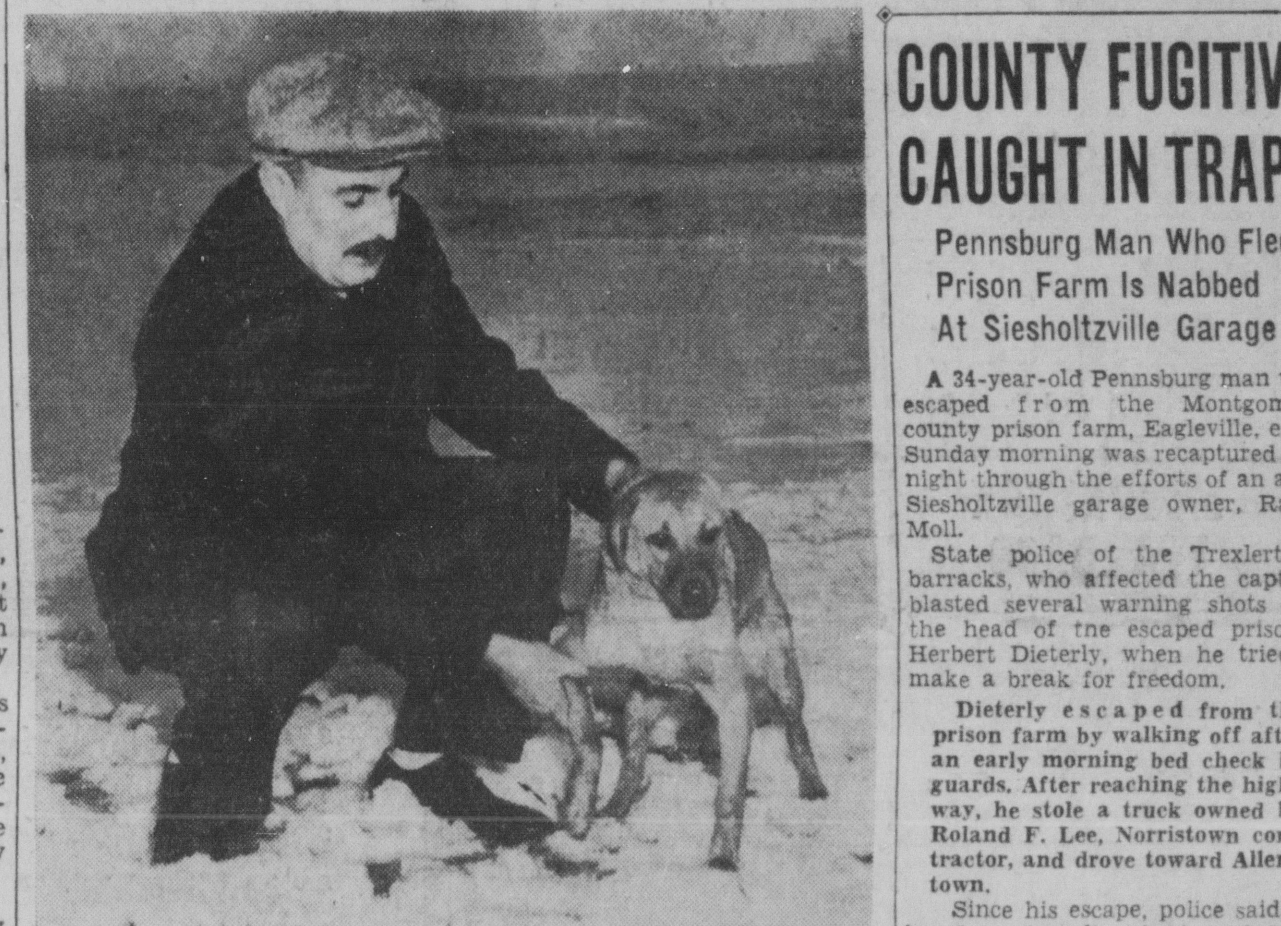

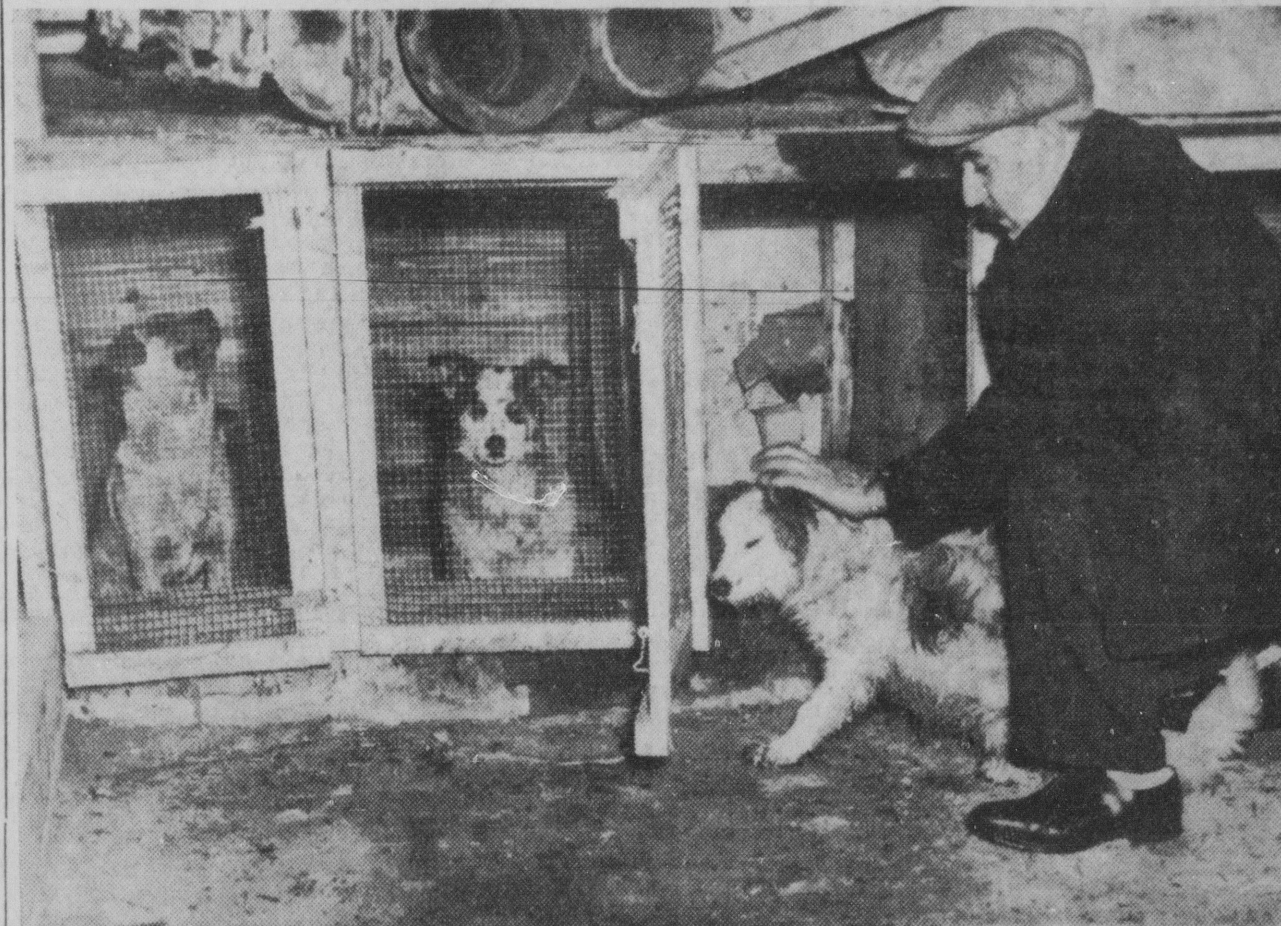

X-ray reports disclosed that he had suffered multiple fractures, including those of the chest, left arm and pelvis.

Law Puts the 'Bite' on Pooches' Freedom

"C'mon now, in you go!" Stowe Constable Anthony J. Cancelliere urges a reluctant mutt (upper photo), one of ten strays rounded up in West Pottsgrove yesterday. Relying on neither nets nor even leather gloves, he is shown (lower photo) catching a sad-eyed pooch who seems to be looking for someone—perhaps the master who let him roam the streets without a license. The dogs have 48 hours grace. If they are not claimed by then, they will be put to sleep. West Pottsgrove commissioners ordered the drive to protect children from vicious strays and householders from lawn damage.

10 Stray Dogs Grabbed In Roundup at Stowe

West Pottsgrove township's commissioners opened an all-out drive against stray dogs in Stowe yesterday with a roundup that netted ten dogs.

Unless their owners arrange to get licenses for them and pay the costs within 48 hours, it will be the dogs' last roundup. The hunt for strays was conducted for more than three hours yesterday by Anthony J. Cancelliere, township constable, and Carol Mast, township roadmaster.

Using Mast's car, they explored main streets and back alleys. They captured the dogs—all shapes, size and dispositions—with their bare hands, and without being bitten.

The roundup was conducted after school authorities and commissioners decided that the many stray dogs following children to school created the danger of a group of children being bitten, as happened recently in Philadelphia.

The strays also have caused complaints among residents whose garbage cans have been upset and whose gardens and lawns have been damaged.

COUNTY FUGITIVE CAUGHT IN TRAP

Pennsburg Man Who Fleed Prison Farm Is Nabbed At Siesholtville Garage

A 34-year-old Pennsburg man who escaped from the Montgomery county prison farm, Eagleville, early Sunday morning was recaptured last night through the efforts of an alert Siesholtville garage owner, Ralph Moll.

State police of the Trexeltown barracks, who effected the capture, blasted several warning shots over the head of the escaped prisoner, Herbert Dieterly, when he tried to make a break for freedom.

Dieterly escaped from the prison farm by walking off after an early morning bed check by guards. After reaching the highway, he stole a truck owned by Roland F. Lee, Norristown contractor, and drove toward Allentown.

Since his escape, police said, he has been traveling back and forth through parts of Berks and Lehigh counties.

A BAD HABIT—passing worthless checks—for which he was serving an 18-month sentence, led to Dieterly's capture.

Wednesday, he appeared at Moll's service station for gas and offered a \$50 check in payment. After honoring the check, which was drawn on a Tipton bank, and noticing that it was made out by "Roland Lee" of Norristown, Moll checked with the bank. Officials said no one by that name had an account with them.

Last night, Dieterly appeared again at Moll's garage to have (Continued on Page Seventeen)

Congress Support Sought to Form U. N. Police Force

WASHINGTON, Feb. 2 (P)—Two Democratic senators sought the backing of Congress today for creation of a United Nations Police force to act positively against aggressors.

Senator Douglas (D-Ill.) argued to the Senate Foreign Relations committee that such a force, properly utilized, could prevent a billion persons in the far east from being hemmed in behind Russia's iron curtain.

Senator Elbert Thomas (D-Utah) is a co-sponsor of the resolution. Thomas is a member of the Foreign Relations group; Douglas, a freshman senator, is not.

Under their plan, the force would swing into action upon a two-thirds vote of the U. N. General assembly, which would have to include the votes of three of the five members of the Security Council.

Thus under such an agreement, no one or even two members of the Security Council could veto the use of force wanted by at least two-thirds the total U. N. membership.

At present, the charter provides that each member State shall furnish armed forces to the Security Council upon call to enforce the Council's decisions. These forces would be furnished by agreement between the States and the Council. But to date the Council has been unable to agree on how the armed forces should be apportioned and what ratio should be used.

Priest Hails Bridges' 'Good Work,' Denies Longshore Head Was a Red

SAN FRANCISCO, Feb. 2 (P)—A Catholic priest testifying in the Harry Bridges perjury trial today defended the CIO longshore chief's "good works" as a trade union leader.

The Rev. Paul W. Melnecke, of Eureka, Nev., said Bridges was "infected with a virus" which the priest called the "bug" of trade unionism. He said he didn't think Bridges would "ever rest until everyone" is in a union.

Father Paul was called back to the stand for cross-examination by Prosecutor J. Joseph Donohue. He had testified yesterday concerning his contacts with Bridges, whom he said was "no Communist."

Bridges is charged with lying when he told his naturalization hearing in 1945 he was not, and never had been, a member of the Communist party. Two of his union aides on trial with him are accused of conspiracy in supporting his statement at the hearing.

Father Paul, who was a priest

at St. Boniface church here in the 1930s and who helped organize the Association of Catholic Trade Unionists, credited Bridges with "many gains by the working people of San Francisco."

He said "of course I do not approve of all Bridges' policies—I do not like strikes because they hurt the common welfare but sometimes working men cannot get justice any other way."

As in yesterday's testimony, Father Paul again told cross-examination of how he talked to Bridges about becoming a "good practicing Catholic."

He said he thought he had Bridges "right on the edge a couple of times ready to push over."

New Neon Sign Over Apparatus Doors Approved by Phillies

The Philadelphia Steam Fire Engine company last night formally approved a new red-lettered neon sign that has been installed over the apparatus doors of the firehouse.

Lettering on the sign spells out "Phila. Fire Co. No. 1."

The sign was installed Wednesday but official approval awaited last night's meeting of 60 members.

Also approved was emplacement of a memorial plaque for deceased members. When a member dies, his name will be hung on the plaque for several days of mourning. The plaque will be installed today or tomorrow.

G. Henry Schmoey, president, was in charge of the session.

AT A MEETING OF THE Empire Hook and Ladder company last night, the progress of renovating the cellar of the fire hall was discussed.

Work was begun three weeks ago. Eventually the cellar will be the company's principal meeting room. The company now meets in a small room over the grill.

Ralph Marino, president, was in charge of the session, attended by 31 members.

Fire Starts in Papers In Basement of Home

Flaming newspapers in the basement of a South street home brought a brief fire call yesterday morning at 11 o'clock.

Mrs. Roy W. Himmelberger, 851 South street, said she had been working in the kitchen when she noticed smoke coming up the cellar-way.

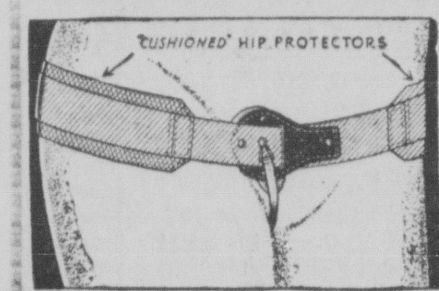

She tried to extinguish the blaze with water, but was unable to do so, despite aid from a neighbor, Mrs. Jonathan E. Smoyer, 848 South street.

Arriving with firemen was Himmelberger, called from work at Mayer Pollock's. The Good Will Fire and Empire Hook and Ladder companies did not have to go into service, except to help Himmelberger remove the papers.

A daughter of the late Joseph and Mary (Patterson) Birch, she was born in Germantown. She moved to Cedarville 36 years ago from a former residence in Cold Point, Plymouth township.

Services and interment will take place at the convenience of the family, the Rev. H. A. Gerhart officiating.

In ADDITION, Richard Reagan, a former school board member, had charged that three stops along the school bus route were unsafe. It was explained that the stops would not have been approved by the State if such had been the case.

Kiggins, who said he spot checked the school buses regularly, offered one suggestion to the board. He pointed out that two stops along one highway did not have bus markers. The markers were omitted, because the bus pulls off the road to load and unload the children.

To prevent a recurrence of the dispute, the board decided to contact the State immediately to have markers installed at the two places.

School Bus Law Explained to Board At Upper Frederick

A controversy which raged over the school bus schedule of the Upper Frederick school district was believed settled last night when State Trooper Martin R. Kiggins, of the Collegeville substation, explained the law.

Kiggins reviewed the bill passed by the State legislature, at the Upper Frederick school board meeting.

He told the group the school district has the right to determine where the loading and unloading zones for school buses are to be, subject to the approval of the State, county, and township authorities.

Approval of any site would be withheld, he added, if the higher authorities deemed it unsafe.

The controversy had raged over the discontinuance of door-to-door pickups formerly made by school buses. Kiggins expressly indicated that such stops would not meet approval since the aim of the new law was to prevent traffic tie-ups and unsafe conditions.

In ADDITION, Richard Reagan, a former school board member, had charged that three stops along the school bus route were unsafe. It was explained that the stops would not have been approved by the State if such had been the case.

Kiggins, who said he spot checked the school buses regularly, offered one suggestion to the board. He pointed out that two stops along one highway did not have bus markers. The markers were omitted, because the bus pulls off the road to load and unload the children.

mean that residents of that loop would have inexpensive transportation available at the point along Route 422 nearest their home, not just at the bottom of the hill.

Wharton said his company has consistently made concessions to the inter-borough buses along Route 422 from Philadelphia to Pottsville. He pointed out that Reading buses now do not pick up short-haul passengers from Sanatoga inn to a point past Stowe.

In return, he said, the Reading Transportation company expected other bus lines not to "encroach" on its territory.

HE ALSO POINTED OUT that the Reading buses increased their schedule the past Fall to provide better service between Collegeville and Pottstown.

There are Pottstown-bound buses passing the top of Sanatoga hill at 6:39 a. m., 8:06 a. m., 10:04 a. m., 2:56 p. m., 3:35 p. m., 4:51 p. m., 6:51 p. m. and 10:56 p. m.

Reading buses that would take Sanatoga Hill residents back home leave Pottstown at 5:38 a. m.; 6:55 a. m.; 8:34 a. m.; 11:54 a. m.; 2:09 p. m.; 3:45 p. m.; 5:59 p. m. and 10:10 p. m.

Wharton said he appreciated the problem of residents living south of Sanatoga Hill but he added that their interests had to be balanced against the interests of the hundreds of people living in the Limerick-Collegeville section.

EXTENSION EASTWARD of Pottstown Rapid Transit's service would make the Collegeville-Pott-

Reading Transportation company announced the probability of a fare reduction after Mrs. Meyers' informal committee had obtained 102 names on a petition. E. S. Meloy, representing residents living in the loop south of Route 422, got 208 names on his petition.

The Reading company president also received a plea for aid to Sanatoga Hill residents from Charles L. Schulz, president of Pottstown's Chamber of Commerce.

Street Sign Project Nears Completion

Street signs marking every corner in Pottstown will be placed before Summer, members of the American Business club were told last night.

The installation of street signs, a club project, is expected to be completed after March. The remaining 199 signs needed to complete the work of identifying the

streets will be delivered at that time, it was announced.

A ceremony honoring two members of the group highlighted a business session in the Elks' home. Wrist watches were presented to William Hillegas, treasurer for the past 11 years, and Alvin Seybold, secretary for nine years, for their service to the club.

Each of the two men made brief speeches expressing their thanks. Motion pictures of the Pottstown Senior High school football team in action were shown to the members by Heber T. Meyers, team coach.

School Board No Place for 'Intellectual Snobbery'

Reminds Weber of Public Trust
To the Editor: Dr. (Gustave W.) Weber's outburst before the Women's club shocked me profoundly. It indicates an intellectual snobbery frightening in one who "represents the people of Pottstown" in the planning and furthering of the education of their children.

Perhaps a college graduate does know more of the theory and methods of education than one who did not attend college, but a genuine interest in the welfare and training of all children and a sincere desire to serve the community are good qualifications, too.

The Jackson school is one of the finer accomplishments of the Pottstown school system. This special training school was established when there were no college graduates on the school board.

Dr. Weber has a great opportunity. He is in a position to improve the schools and playgrounds not good enough for his children. My children attend the Pottstown schools because we prefer them to go to public school.

All Pottstown parents are not fortunate enough to be able to choose the manner in which their children shall be educated. They can only hope the schools are doing an adequate job.

Most of us are too busy supplying the physical needs of our children to investigate the need for improvement in their education and the way in which it can be accomplished. That is the responsibility of the school directors.

If the directors and the superintendent of schools could not agree on the Cordis system, why must we depend on the opinion of one man "paid to report on the faults of the school system?"

Dr. Weber has a great responsibility. To ask parents to place half the youth of their children in the hands of a few directors and teachers is to ask a great trust. When the people returned Dr. Weber to the board, they expressed the belief he was worthy of that trust.

That is an awesome responsibility, and there is no room for intellectual snobbery. Pottstown MRS. ESTHER GRAY

Young Wife's Courage
To the Editor: I resent being referred to as a doll-type housewife, as the letter in Readers Say of Jan. 26 stated ("Example for Young Wives").

As prices are now, we young married women are forced to leave the homes we would love to enjoy, and work six days a week to help meet the bills.

We must sacrifice our homes and the right to have children for four or five years while the elderly people complain of aches and pains and live like parasites off their children.

If we young women have the spunk to go out and battle the business world to help our husbands make a living, I think we deserve more credit than is being given us.

It isn't the young people who are flooding the doctors' offices with complaints of high blood pressure, low blood pressure or anything else they can dream up. How about it, doctors?

I've been working for the past eight years, the last three of which I've been married. I know what I'm talking about. Harrisburg A. E. D.

Police Escort Newlyweds
To the Editor: Our faithful guardians, the local police force, serve and protect us in many ways. Now that they have captured all the criminals, they are starting a new service—"wedding escort."

The past Friday evening two policemen and one police car waited patiently, for over one hour, outside a church. Finally the wedding was completed.

Our faithful servants stopped all the traffic so the cars in the wedding party could have the right of way. The parents of the groom were politely helped into the police car and driven to the reception.

Catering to one particular citizen would be fine, if it would not endanger the other citizens because of lack of police protection. Pottstown HARRY KRYDER

Good Deed for Humanity
To the Editor: I think the memorable mention of the week should be sent to Mrs. Emma Fischer, Pottstown RD 1, for her act toward humanity in sending the recipe for hiccupps to Jack O'Leary, of California. Pottstown MRS. EMILY HANNEY

Turn Back to God
To the Editor: Now that the new hydrogen super-bomb is being developed, it means only one thing: The beginning of the end.

Men must go back to God's words and the meaning of them. Only then will we have peace of mind and be saved. Pottstown MRS. H. T.

JIMMY DURANTE is on the verge of joining the Wife-Begins-At-Sixty Club. The lucky girl is his longtime dreamboat, Margie Little . . . Wanda Hendrix has moved back to her mother's home and admits the reconciliation with Audie Murphy was a failure.

She'll seek a California divorce. Despite Joe Louis' denials, pals of heavyweight champion Ezzard Charles get the impression from him that an Ezzard-Joe match is all set for June in Yankee Stadium.

Princess Troubadour (Barbara Hutton) may soon have a headline announcement to make to the press . . . Billie Holiday, denied a cabaret card in New York, is drawing \$3000 per week on the West Coast . . . Mrs. Monte Proser (Jane Ball) is under doctors' care at their home . . . Another Shirley has captured John Agar's interest—screen starlet Shirley Ballard . . . A cafe society grandmother is astonishing her public by looking no older than 25 after two facelift jobs.

The only hitch is she has to go through the operation every eight months if she wants to stay that way. PRINCESS MARGARET Rose is Douglas Home . . . The Maharajah of Baroda, now scraping by on a meagre \$32,000 yearly allowance, is hocking three British estates and his private plane with its cream-colored galley equipped for preparing exotic curries.

STEELE PLANT SALE—The Glasgow Iron company has purchased the steel plant at Stowe from the Pottstown Iron company. The entire plant will not be operated. The open hearth furnace and the bloom mill will go into operation soon. James P. Roe will be superintendent while H. S. Campbell will supervise the bloom mill. John Harnley is master mechanic of the plant. The plant was the first in the country to turn out steel by the British Bessemer method.

FREE TURNPIKE—The turnpike between Pottstown and Trappe has been freed by orders of J. P. Hale Jenkins, master in hearings conducted by a jury appointed by the court. The stockholders of the turnpike company will be paid \$15,250. They had asked for \$25,000.

MEAT VS. VEGETABLES—That meat eaters will weigh more, live longer and have more children than vegetarians, it was reported by Prof. James Slonaker, of Stanford University, California. He has made exhaustive tests with rats and guinea pigs.

OLD AGE ACT—The Old Age Assistance act was declared unconstitutional by the State Supreme court, which ruled "the measure is a beautiful mistake and a fancied Utopia." The act, which was boosted by James H. Maurer, president of the State Federation of Labor, would have given \$1 daily to persons 70 years of age whose property was not valued at more than \$3000 and whose income did not exceed \$365 annually.

MOTHERS CLASS—The Mothers class of the First Methodist church met at the home of Mrs. Frank Leader, 548 Chestnut street, and elected these officers: Mrs. Howard Daniels, president; Mrs. Emory Rutchie, vice president; Mrs. Francis Holmes, secretary, and Mrs. Joseph Kinkle, treasurer.

Hollywood
By EDITH GWYNN

HOLLYWOOD, Feb. 2.—Some eyebrows may meet some scalps when Margaret O'Brien drops a few verbal bombs on her ex-stepfather, Don Sylvio during Momma O'Brien's forthcoming divorce trial.

According to her lawyers, Margaret is going to say that Sylvio demanded that she sing with his band, fire her manager and let Sylvio handle her business and private affairs.

While in the kiddie division—Little Shari Robinson, hailed as "another Shirley Temple" when she appeared with Dan Dailey and Ann Baxter in "You're My Everything" at 20th-Fox a few months ago, has been dropped by that lot. . . .

AND how about all those kid comedy shorts that Monogram is about to release called, "Little Rascals"? They MUST be re-issues of the old "Our Gang" series—for they feature Farina, Jackie Cooper, Jackie Moore, Mary Kornman, etc.,! Shades of yesterday!

LEGS ARE EVIDENTLY still paying off. Betty Grable got 11,000 fan letters in the past two weeks. And averages over a half million a year . . . When H. Bogart and Lauren Bacall return from N. Y., look for another hassle between Bacall and Warner studio. She is not excited about her next assignment opposite Danny Kaye in "Stop, You're Killing Me!" and wants to make one with Bogey instead. "Suspension!—Where Is Thy Sting?" . . . Warners want Ed Wynn to star in what would be his first movie since "The Fire Chief" made at Metro 16 years ago. It's "We're Working Our Way Through College"—and the whole thing would be made to highlight Ed's rib-ticking talents . . . Belita, now in Havana with her "Rhapsody on Ice," will be parting from spouse, Joel McGuinness for the first time. But only because he has a movie job in England.

AFTER ALL THE furore of Hollywood producers rushing to Italy for picture making last year, the Italian studios are practically deserted now. Only one movie shooting there at present—and it's a British film. Colleen Townsend is supposed to deliver a sermon in the Presbyterian Church at Pottstown, Pa., on Feb. 5th as a prelude to taking up religious work entirely. She publicly renounced her acting career last week . . . Harold Lloyd Jr. did so well in "Our Very Own" that he'll get a bigger role in "Folly and Farewell" in which S. Goldwyn will star Joan Evans and Farley Granger.

PRODUCERS CAN stop fidgeting on getting Jean Arthur for anything celluloid—because that bewitching babe (and we use the word "babe" lightly!) will do a new version of "Peter Pan" on the Bway, stage very soon . . . Meantime, that suit for over a million \$\$\$ that RKO filed against Frank Ross, Jean's ex, isn't slowing him down. Frank is busily at work on the script of a new screen story called, "Save Your Kisses"—a comedy. Brother! If this is just half as good as "The More Merrier" which Frank and Robert Russell wrote, it can have our vote.

HAPPY BIRTHDAY

HOW'D YOU MAKE OUT?

Arraignment of Student Delayed as County Investigates Three Blazes at The Hill

Arraignment of William A. Scott, 17-year-old Hill student who admitted setting three fires in Memorial hall the past month, must await the investigation of the county probation officer.

Peter J. Frascino, chief probation and juvenile court officer, said yesterday that Scott was being held in Montgomery Hall, the county juvenile home in West Norriton township, while his investigation is carried on.

The boy will appear before the juvenile court later, Frascino said.

His parents, Mr. and Mrs. A. C. Scott, of Shaker Heights, a suburb of Cleveland, Ohio, were expected to visit their son shortly, Frascino said.

SCOTT'S FATHER was in California when the youth admitted setting the three fires because he disliked the stage arrangement, but Frascino believed he would arrive at Montgomery Hall within a few days.

Scott was arrested by Sgt. Charles W. Taylor, of the Pennsylvania State Police arson squad, Wednesday afternoon, after a three-day investigation into the fires on Jan. 12, Jan. 27 and Jan. 28.

The first blaze ruined the stage and caused \$20,000 damage. The two the past weekend did only minor damage.

SCOTT, A SIXTH form student, told Taylor he set the fires with wadded paper to wreck the stage, so that when it was reconstructed his ideas could be carried out.

Scott was keenly interested in dramatics, a member of The Hill's dramatic club and stage manager. He had been at the preparatory school since September, 1948.

VARADY BURGLARY —

(Continued From Page One)

marked the third time in the past few years that Varady's store has been victimized. One case remained unsolved, the other was cleared up by the arrest of a youth in Philadelphia.

In neither previous case, did the loss approach yesterday's.

The missing items, with a retail value of \$767.55, were the 12 1/2-inch television set; two seven-inch sets; a 45 RPM radio-phonograph; an alarm radio; two table-model radios; three small bedside radios and two portable radios.

The burglary ended a period of relative peace and quiet for area police that began the past month with the arrest of two ex-convicts who have been sentenced for committing a dozen burglaries in or near Pottstown.

Valley Forge Closing Blasted by Myers, Martin and Dague

WASHINGTON, Feb. 2 (AP)—Pennsylvania's two senators and a member of the House from the Keystone state today voiced strong opinions of Defense Secretary Louis Johnson's order closing Valley Forge General hospital at Phoenixville, Pa.

Under Johnson's order, issued yesterday, Valley Forge and several other U. S. Military hospitals are to be shut down.

Both of the State's senators called for action to have the hospital turned over to the Veterans administration for operation.

Francis J. Myers (D) called on General Carl Gray Jr., chief of the VA, urging him to give full consideration to the operation of the hospital by the VA.

"I pointed out in my conversation with General Gray that as a going facility, the Valley Forge hospital might readily be incorporated into the existing Veterans Hospital program," Myers said.

Senator Edward Martin (R) said in a statement the use of the hospital by the VA would bring the bed capacity for Pennsylvania veterans more nearly in line with the serious need that has existed for some time.

REP. PAUL B. DAGUE (R), of Downingtown, Pa., voiced strong objection to Johnson's order.

"It may be an economy move," he said "but I strongly question it. It will vitally affect the economy of that area (in which Valley Forge hospital is located) and is a sad blow."

He said he plans to call on Pennsylvania congressmen to organize a joint protest to Johnson.

3 Area Men Jailed For Three Burglaries In Berks County

Three Barto RD men were arrested yesterday on charges of burglarizing three Berks county Summer homes and a Lehigh county church.

Herman Acker, his brother-in-law, Charles Smith, and Glenn Hosier all were lodged in Reading city hall cells last night on an open warrant while State police finished their investigation of the case.

They were arrested in Acker's home by State Trooper Edward Strickland of the West Reading barracks, and Joseph Zellen of the Trexlerstown substation.

Strickland said that the three men had admitted to burglarizing the Siesholtzville Summer home of Robert Miller, Emmaus, superintendent of the Bethlehem Steel company, Bethlehem. The place had been entered the past May, October and the past month by the three, Strickland said.

Board Plans Request To Swap Roadways At Upper Hanover

Plans for submitting a request to the State legislature to trade a township road for a State rural highway were made last night by the Upper Hanover board of supervisors at a meeting held in the Palm hotel.

Advice on the steps to take to effect the change was offered to the group by William F. Lamb Sr., president of the Pottstown Automobile club. Lamb told the supervisors action by the State legislature would be necessary.

The proposed change, if it is granted, would make Wentling's School House road a State rural highway to connect with the Nantico-Fruitville road. In return, the supervisors would take over Township Wood road, the State highway.

According to Clyde T. Ackerman, chairman of the board, there is only three-tenths of a mile difference in the two roads. Only two

families, however, live on the Township Wood road as compared to the 11 families served by the township road, he said.

In addition, both the rural mail carriers and the school buses use the Wentling's School House road, he added.

A progress report on the repairs to Schwoyer road was submitted to the supervisors, as well as the auditor's report for the past year. Both reports were favorable, Ackerman said.

The group will hold its next meeting March 2.

Major Coal Operators Quit Talks With Lewis

WASHINGTON, Feb. 2 (AP)—The major block of coal operators, abruptly breaking off their peace talks with John L. Lewis, today accepted President Truman's plan for a 70-day strike truce and a White House Fact-Finding board.

Operators of the Northern and Western mines, source of three-fifths of the Nation's soft coal, said negotiation was "useless" because Lewis still insists on "controlling production."

Horrors of German Concentration Camps Described by Prisoner to JWJ Members

The horrors of 14 months living in a sewer and the unbelievable cruelty of a German Ghetto were vividly portrayed to members of the Jewish Woman's league Wednesday night in Mercy and Truth synagog by Miss Halina Wind, a former concentration camp victim.

Miss Wind, now a Senior student of Hunter college and Teacher's institute of the Jewish Theological seminary, was a former native of Poland. She told the women, "Only a cause more than life gave me the courage to live and make the struggling worthwhile."

When the war broke in 1939, the young girl was completing her studies at Lvov university in Poland and was about ready to enter the Jewish Theological seminary in New York City, where her brother was already a student.

Forced to give up her plans by the occupation of her country by the Germans, the student slowly watched as more and more of the Jews were liquidated by the barbarous invaders.

Gradually her family realized that not many of them would survive, but placed the hope in Miss Wind, who being the youngest of them might be spared.

Again and again they impressed upon her the need to remember 3080 Broadway, New York city, the address of the seminary that she now attends.

Her parents drilled and drilled her, if she forgot everything else in the harrowing days ahead, even her name, to remember the address of the seminary in a land that was free.

In time she watched her whole family slaughtered by the Germans, but through the aid of three kind

gentles, she was taken with 20 others from her town to live in a sewer.

"By means of a hole that was later covered, we escaped into the sewer where there was neither light nor heat and very little air."

From time to time their benefactors brought the hideous what little food they could spare from their meager rations; brought them candles for their Sabbaths and gave to them the prayer book of their religion.

Fourteen months later the nearly exhausted group, which by that time numbered only 10, hunger, disease and drownings having taken their toll—were taken as prisoners by the Nazis.

Life in the ghettos, the concentration camps and the long treks between, brought cruelty and unspeakable hardships, stated Miss Wind, "It was only through a profound devotion to the Jewish way of life that could give me the faith to go on."

By the time of their final release at the end of the war, the prisoner found her hair had turned a stringy red, and her skin green, from lack of proper air, food or light.

Through it all she remembered her New York City address and in 1947 entered as a student, and through the aid of her teachers and fellow-students brought to her moral and spiritual balance to give a feeling of belonging in peace.

In closing, Miss Wind declared, "I think of myself as a can of oil still burning to be the spirit to kindle love, truth and justice."

During the business session conducted by Mrs. Sol Borger, president, announcement was made of a Purim party for the children of the synagogue March 5.

The annual Purim ball will be staged March 18 in the vestry rooms of Mercy and Truth synagog with Mrs. Edward M. Hoffman, chairman.

Membership tea is scheduled for 8:15 o'clock Wednesday, Feb. 8, while the Passover tea will be April 5 in Mercy and Truth synagog. Mrs. Albert Leblang is chairman of the Passover tea.

Washington's Relationship to Pottstown Revealed by Isaac Thomas to DAR Group

Little known facts of the relationship of George Washington to this part of the country was related by Mr. Isaac Thomas, Latin instructor at the Hill school, to members of the Daughters of American Revolution at a meeting yesterday in the American Legion auxiliary room.

"Washington was a careful and deliberate thinker, and most generally was not much of a speech maker, he informed his audience. 'Speeches are of the moment and usually are not worth a thing later.'"

He declared that the sermon on the Mount, Washington's farewell address and the Gettysburg address of Lincoln, were some of the few speeches really worth remembering. "I believe sincerely in the education of people in history while they are still young," he told the group, "and it is a great thing for any group to realize the importance of their relationship with a revolutionary ancestor."

REFERRING to the past elegance of Pottsgrove manor, the instructor declared that there was not a home in Philadelphia at the same time that was superior in construction. "The woodwork, carving and paneling are something that cannot be equalled," he continued, adding that the manor will be completed for the bicentennial of the founding of Pottstown in 1952.

He remarked that in 1790 there were but 30 substantial homes in Pottstown, and reminded the group that during the winter of 1777-78, George Washington and his wife lived at the Pottsgrove manor.

After the defeat of the Colonial army at Brandywine, the army camped on Washington hill in Pottstown. For some reason this is now known as Chicken hill.

He told the group the Colonial army was as perfect a specimen of heroism that could be found, declaring that among the common man is found sterling qualities that do not adhere to any other class and such was the soldier of Valley Forge.

"THE POTTS family was one of Washington's greatest assets during the war, with John Potts a great surgeon of his time."

Of this surgeon's 13 sons, only one was a Tory. At that time he lived in the St. Clair mansion, now High and Hanover streets. During the war, he fled to Canada.

In concluding, Mr. Thomas asserted, "The courage of Washington was never shaken. He stood alone many times to keep the faith of the Colonies to go on until victory was won."

Paris Designers Begin Spring Showings; London Creators Feature Simple Silhouette

PARIS, Feb. 2.—A breath of the new Nineties swept into the fashion world today with the long-awaited Spring showings in Paris.

Madeline Vramant, one of the small chic houses off the Avenue Matignon, presented the first collection. She called her main line a "Breath of Paris." It featured leg-o-mutton sleeves, large three-inch belts and what she called a "high-placed blouse effect."

Typical of the Nineties Look was a small black and white checked taffeta afternoon dress which featured a tight-fitting short bolero jacket with white lace applied to the front, and a wide four-inch belt accentuating the small waist.

"Miquette," as the model was called, had "push-up" sleeves, with fullness above the elbow. The skirt was mid-calf length and cut on the bias, giving a pleasant but not exaggerated fullness.

A MODIFIED leg-o-mutton sleeve was also the highlight of a navy blue classic coat. The coat, ideal for traveling, was worn with a white straw beehive-shaped hat, and a black four-in-hand tie over a white satin blouse.

One stunning full-length white crepe evening dress, called "Bayonne," had a gold-braided white bolero with long sleeves worn over a hip-clinging tube skirt. The loose sleeveless top under the bolero had a V-neck plunging to the waist. The waist was marked by a three-inch belt.

Black and white checks, with white pique accents, were also popular, translated into pert coats, dresses and evening wear.

Black cartwheel hats worn slightly towards the back of the head topped both day and afternoon outfits.

Maryse Delort, 19-year-old "Miss France of 1950," presented a Vramant wardrobe which she will wear on a world tour next month. The blonde contest-winner won applause with a filmy white chiffon dance dress. The strapless top was decorated with delicate pink open roses in front, and the wide skirt covered with tiny appliqued rosebuds.

Parisian designer Carven opened her Spring show featuring what she called the "apple round" bosom.

HER GRECIAN silhouette also stresses sliding waistlines, unaccented hips and long, lissome thighs. Carven, a small woman herself, dedicated her collection to women whose figures remind her of tiny Greek terracotta figurines.

Her skirts are 16 inches from the ground, mostly slim and caught above the knees to achieve a secondary belted movement.

Carven's recent Holy Year visit to Rome inspired her Biblical head veils for evening wear and some of her dresses are named after saints. Cartwheel-sized hats worn with light linen dresses represent halos.

Among the unusual features of Carven's collection are green peas with shells for hat trimming and white belts with printed postage stamps and postmarks.

SPECTATORS STOOD up and cheered when Christian Dior, the designer who created the "New

LONDON, Feb. 2.—Now that the week of Spring fashion shows—held by the Incorporated Society of London Fashion Designers—has come to an end, the basic silhouette for women's clothes for the months to come emerges clearly.

The basic book is neat and simple. One thing is certain: the celebrated "New Look" is as dead as the proverbial dodo. Suits and dresses alike are 15 inches from the ground and very slim-fitting.

In some collections, notably Molyneux, skirts looked almost skimpy after the full, ballerina skirts of the past year. The popular, flared peplum has also disappeared. It has been replaced by slightly longer, neat jackets—single-breasted with a minimum of detail.

Most designers have included short evening dresses in their collections—skirts about eight inches from the ground and very full. Made up in rich satins or stiff taffeta, these gowns generally have the off-the-shoulder fichu type of neckline. A great many artificial flowers have been used as decoration.

Suits were generally worn with very simple blouses: high round necks and long tight sleeves, but in rich materials such as brocade, slipper-satin and taffeta. Charles Creed designed brilliantly striped waistcoats with big upstanding collars for wear with sleek town suits.

The week also saw the return of the wide-brimmed, lacy hat, shown by all designers for wear with afternoon dresses. What looked like picture hats of fine straw in the Hardy Amies collection were really made of palm leaves.

Victor Stiebel used weird and wonderful objects for buttons—tiny bundles of sticks, cowrie shells, and horn.

Several new colors were introduced, although designers as a whole kept to beige, gray, navy blue and black. Practically no bright colors were seen, except Peter Russell's "flamingo," a pink-orange tweed, the "blue fog," a shade which explains itself. The Hartnell collection included the most beautiful evening gowns showing during the week—dramatic, exquisitely embroidered crinolines, very popular with overseas buyers.

Look in 1947, unveiled short-skirted styles today for Spring.

Some of Dior's skirt lengths were at wartime level, only a couple of inches below the knees.

Dior started the show with brief, loose, skimpily-cut jackets and narrow, short skirts. Gradually he drifted back to the extravagant fullness of his earlier work. As the silhouettes changed, the hems dropped a little.

Sleeveless bodices were featured throughout, with tight waists and large round and horseshoe necklines. Modesty vests of self material of pique are used in cases where the neckline falls below the bust.

Bad Flying Weather Hampers Search For 44 Missing on Plane in Yukon

WHITEHORSE, Y. T., Feb. 2 (P)—Foul flying weather today blighted the far north's biggest aerial search for a missing plane and 44 men.

Of the dozens of search planes standing ready on air fields along the Alaska highway route, only five from Whitehorse took to the air today to continue the search for the missing C54 which vanished a week ago with 36 passengers and a crew of eight.

The Whitehorse area, with its eight hours of northern daylight, was the only one in which conditions were good enough to permit flying today. Visual fly-

ing was possible only through the valleys in some sectors of the 750-mile-long mountainous area in which the C54 has been hunted by day and night.

Officers directing the large scale search were losing hope in the possibility of faint radio signals helping in the search. Two planes and two land stations in the Yukon search zone reported hearing the unintelligible signals. Specific attempts to get "fix" on their source have been fruitless.

Trip to Psychiatrist For Gibbs Allowed

LANCASTER, Feb. 2 (P)—Common Pleas Judge Joseph B. Wissler today granted defense counsel permission to take Edward Gibbs, accused of slaying Marian Louise Baker, to Philadelphia for further tests by a psychiatrist.

For two hours yesterday the 25-year-old Franklin and Marshall GI student was closeted with Dr. Edward A. Strecker in the Lancaster county jail. Thereafter both Dr. Strecker and Defense Attorney W. Hensel Brown said additional examinations would be conducted at unspecified dates.

The court approved the proposed trip to Philadelphia because Lancaster lacks the facilities for a complete and reliable examination of the kind proposed.

Carol Ann Takes Stand, Says Didn't Remember Killing Father

BRIDGEPORT, Conn., Feb. 2 (AP)—Carol Ann Paigh, her calmness giving way to choked emotions, tearfully testified today that she couldn't remember killing her incurably ill father.

The 21-year-old blonde, defending herself against a second degree murder charge with a plea of temporary insanity, testified that she recalled hearing a physician tell her "Dad is riddled with cancer."

"That's all I can remember," she said in a low, quivering voice.

With her lawyer, David Goldstein, spicing his questions to give her a chance to control herself,

Carol Ann—her lips pressed tightly, her hand clutching a white handkerchief—told an all-parent jury in the mercy murder trial that she loved her father, Police Sgt. Carl Paigh.

"Do you remember shooting your father?" asked Goldstein, his voice carrying to every corner of the hushed, crowded courtroom.

"No," Carol Ann whispered.

It was the next day, she said, that her memory began to return. She then was able to recognize, she said, two policemen who had been posted as guards in her hospital room.

Carol Ann, on the stand 22 minutes, took a gold crucifix with her to the witness stand. It was slipped into her hand by her mother.

Hardly had she been sworn in than her calm deserted her completely for the first time since she went on trial for the Sept. 23 shooting.

The best she could do was nod her blonde head as her lawyer put the first questions to her. Her eyes filled. She could not control her voice.

SUPERIOR COURT Judge John

A. Cornell quickly suggested a recess to give her a chance to regain her composure.

That was two minutes after she began her testimony.

Back on the witness stand 15 minutes later, Carol Ann recalled the death of two aunts from cancer. She was somewhat more composed, but still tearful in spells.

"You saw Aunt Alice in a coffin withered away to almost nothing?" asked Goldstein.

Carol Ann nodded her head.

"Did you have a fear of cancer?" "Yes, sir," she replied.

Western Pacific Naval Strength To Be Built Up, Chiefs Decide

TOKYO, Feb. 2 (AP)—American naval forces in the Western Pacific will be kept at maximum strength due to Russia's expanding submarine program, the chief of naval operations declared today.

Speaking to a small group of correspondents formerly assigned to the Navy, Adm. Forrest P. Sherman estimated the Russians had 270 to 280 submarines in commission. One-fourth of these are in the Pacific, he said.

'American Peace Crusade' Is Proposed by Senator

WASHINGTON, Feb. 2 (AP)—Senator McMahon (D-Conn) today proposed a \$50,000,000 American peace crusade, involving economic aid to Russia and other countries, with the aim of "moving heaven and earth to stop the atomic armament race."

The Connecticut senator, chairman of the joint congressional atomic committee, warned that in Russian hands the projected hydrogen super-bomb "might incinerate 50,000,000 Americans in the space of minutes."

And he told the Senate:

"At almost any cost, we must assure that the Russian people act as part of the world jury which brings in a verdict covering this monumental (atomic) issue."

McMahon said that President Truman's decision to press ahead with development of the H-bomb "was dictated by the severe realities of the world we inhabit today."

"He had no choice, and his decision under present circumstances is right," the senator said.

However, McMahon added that in exchange for this country's \$50,000,000,000 contribution toward world peace, the United States should ask general acceptance of an effective program for international control of atomic energy.

But even before McMahon spoke out on Capitol Hill, President Truman told his news conference he does not propose to

use his go-ahead order for development of the H-bomb as the basis for a new move on international atomic control.

Mr. Truman firmly rejected a proposal along that line from Senator Vandenberg (R-Mich), GOP foreign policy leader.

THE PRESIDENT said the American government has repeatedly and continuously made its position clear before the United Nations—that we stand by our demand for tight international control inspections before outlawing atomic weapons, including the H-bomb.

In other salient developments:

1. The White House denied that President Truman has ordered any "gag" banning Federal officials from discussing the hydrogen bomb.

2. Chairman Connally (D-Tex), of the Senate foreign relations committee, said Washington-Moscow attempts to reach agreement on atomic controls have failed and the United Nations should now take the lead in new efforts.

3. Rep. Durham (D-NC), vice chairman of the Senate-House atomic committee, said \$200,000,000 might be a reasonable price for producing an H-bomb and "unlocking one of God's own secrets."

Previous estimates have ranged as high as \$4,000,000,000.

At a general press conference earlier, Sherman said the Navy would reorganize forces to keep some cruisers and at least two aircraft carriers in the Pacific. Some small additions might also be made, he added.

At present the Navy has in the Western Pacific the newly-arrived carrier Boxer, a heavy cruiser and six destroyers in the Seventh Task fleet, plus another heavy cruiser and four destroyers attached to General MacArthur's occupation command.

The Navy meanwhile is strengthening Pacific fleet forces based on the U. S. West coast. Today it announced that the 11,000-ton escort carrier Sicily would be transferred from the Atlantic to San Diego, Calif., in mid-April. The past Tuesday it announced plans to add two cruisers and six destroyers.

Sherman explained that while the Navy in general was being reduced, the Pacific forces would be strengthened in relation to the Atlantic.

He said World War II demonstrated that "the submarine threat is a real one."

HE ALSO REMARKED, "It is possible to transport submarine parts overland and assemble them in the Pacific."

Local American officers say the Russians have been doing just that, increasing their submarine forces based at Vladivostok since the war.

The American joint chiefs of staff are now on a Far Eastern tour. Besides Sherman, they include Generals Omar N. Bradley, Hoyt Vandenberg and J. Lawton Collins.

Bradley and Vandenberg said in answer to a correspondent's question that they knew of no plans to strengthen land and air forces in the Western Pacific.

Chinese Nationalists Claim Reds Have Entered Indo-China

TAIPEI, Formosa, Feb. 2 (AP)—A formal charge that Chinese Communist troops have entered Indo-China was made today by the Chinese Nationalist defense ministry.

The Nationalists' Central News agency has reported this twice, and the French have denied it both times.

In its statement making the assertion official, the defense ministry said the intruders belonged to the Red 45th army, part of Gen. Lin Piao's forces. It said they had reached the vicinity of Caobang and Langson, 15 and nine miles inside Indo-China.

The defense ministry said Lin Piao also had massed his 38th army on the border and that his purpose was to help the guerrilla forces of Ho Chi-minh. The Central News agency said "thousands" of Chinese Reds already had been incorporated into Ho's forces.

HO'S SO-CALLED "Vietnam republic," in rebellion against the French, has been officially recognized by Russia and the Chinese Communists.

Independent confirmation of the Chinese Nationalists' allegations is impossible, but they seem to have convinced themselves that they are correct.

In Bangkok, Thailand, Ho Chi-minh's "news service" reported that his forces in the past two weeks had killed 40,000 of 20,000 Chinese Nationalist soldiers fleeing into Indo-China near Caobang. Following the Communist propaganda line, this report asserted the Nationalists were fleeing under French fighter plane cover.

Navy Court of Inquiry to Begin Probe Today in Grounding of the 'Mighty Mo'

NORFOLK, Va., Feb. 2 (AP)—A court of inquiry named to investigate the grounding of the battleship Missouri may convene tomorrow, a day ahead of schedule, Navy spokesmen said today.

Originally the sessions of the naval court were to have begun on Saturday. Atlantic Fleet headquarters said proceedings of the court will be open to both the public and the press.

Captain William D. Brown, commanding officer of the Missouri when she rammed a Thimble Shoal mudbank, Jan. 17, will be represented at the hearing by Capt. C. C. Wood, commanding officer of the cruiser Albany.

Brown is described by Atlantic fleet spokesman as "an interested party" to the proceedings.

U. S. Gets Tough With Reds Over Blockade

WASHINGTON, Feb. 2 (AP)—Switching from soft to strong words, the United States today threatened counter measures against the Russians unless they end the "baby blockade" of Berlin.

The State department gave this blunt warning in a statement denouncing Soviet restriction on Western traffic as a violation of the past June's agreement which ended the old blockade.

The United States is "deeply concerned" over the situation, the department said, adding that this country stands ready to resume the allied airlift to Berlin if needed.

"We believe we must actively consider whether counter measures should not be taken," Press Officer Michael J. McDermott told a news conference.

This tougher American stand marked somewhat of a change in the State department's attitude toward the Russian slowdown of rail and truck traffic to Berlin.

UNTIL NOW, State Department officials, led by American High Commissioner John J. McCloy, have been describing the traffic tie-up as a Russian "arm twisting maneuver" which must be expected every so often.

McCloy was scheduled to fly back to Frankfurt from New York today after completing consultations with the State department which were scheduled before Russia suddenly restricted traffic into Berlin 15 days ago.

McDermott refused to spell out what "counter measures" the State department is considering.

British Parliament To Be Dissolved as Election Draws Near

LONDON, Feb. 2 (AP)—King George VI will sign a proclamation about noon tomorrow and a House of Commons that remade Britain will cease to exist.

The King will clear the way for a general election, Feb. 23, by dissolving the Parliament chosen in July, 1945. The proclamation is to be signed in the presence of the privy council, advisers to the King.

Under a top-heavy Labor party majority, the House of Commons has transformed an empire of free enterprise into the world's biggest Socialist welfare state in the past four and a half years.

The Conservatives, led by Winston Churchill, seek to overthrow Prime Minister Attlee's Laborites with a platform based on economy, lower taxes and fewer controls.

'Ford School Board to Request State Survey In Order to Correct Revenue to Borough

Hearing report the State appropriation for next year will be reduced, because of a low property assessment, Royersford school board at its monthly meeting last night decided to request an immediate State survey.

The board was advised that as a result of a survey conducted here over a year ago, the State reimbursement rate of .7311 per dollar, in effect the past year and still in effect this year, will have to be reduced to .4506 for the 1950-51 term.

The board viewed this action as a move to force the district to raise the assessments to make up the deficit. Visualizing the new rate to be granted by the state will fail to provide sufficient revenue to operate the school system, the board ordered to request an immediate State survey to determine requirements, the population increases, etc.

The board elected J. Morris Peterman, 563 Walnut street, as board treasurer, to replace Joseph C. Peoples, whose term recently expired as a member of the board, and who recently also resigned as treasurer.

Peterman will fill Mr. Peoples' unexpired term as treasurer until the first Monday of July. In the interim the board will elect a treasurer at the May meeting.

Under report of Supervising Principal John S. Hartman it was revealed the board has not as yet taken any action on a successor to Miss Sara Baum, who resigned some months ago as principal of the elementary school. It was understood the matter would come up again at the next meeting, but it was apparent there is still no assurance a successor will be named.

HARTMAN reported the March of Dimes collection netted \$104.09.

in the grade schools and \$50.70 in the high school, a total of \$154.79. Hartman reported also the Department of Public Instruction has approved the granting of aid to the local school district in the amount of two cents per half pint of milk for school children.

A request from Limerick school district for permission to enrol approximately 20 tuition pupils in the high school next term, was granted.

It was reported also by the school head that a labor union representative recently gave a non-partisan talk to the senior class, and a representative of Bell Telephone company spoke to the Ninth grade concerning opportunities in the telephone industry for pupils after they finish school.

Report of the treasurer listed receipts of \$2614.09, expenditures of \$13,884.12, and a balance of \$20,596.84. Balance in the public library account was reported as \$1085.47.

Report of Tax Collector Daniel J. Mowrey showed receipts of \$928.44 and a present uncollected balance of \$6331.90.

Director R. E. Keen reported the Nash vacuum pump, thermostat and heating units have been adjusted, the first application of fertilizer has been spread on the athletic field at the high school; trees at the grade school trimmed; lawn mowers sharpened; roof at the high school repaired; and the leak in the boiler at the Adams school building repaired.

'Ford Men Re-elected By Insurance Company

Otto H. Moyer and Howard S. Brunner, Royersford, have been re-elected treasurer and assistant treasurer, respectively, of Perkiomen Mutual Insurance company, Collegeville. Clay C. Hess, Royersford RD 1, is a member of the board of directors.

It is estimated there are 100,000-200 people in South America.

Immediate Repeal Of Excise Taxes Demanded by AFL

MIAMI BEACH, Fla., Feb. 2 (AP)—The executive council of the American Federation of Labor today called for immediate repeal of wartime excise taxes.

The council said they are "strangling" business and employment and failure by Congress to repeal them is "a breach of faith with the American people."

The AFL policymaking group declared the wartime excise taxes were originally enacted only as temporary revenue measures and large groups of union members are protesting against continuing them any longer.

The council acted after hearing a protest from Richard Walsh, president of the AFL International Alliance of Theatrical and Stage Employees.

The taxes apply to amusements, transportation, cosmetics, leather goods, jewelry and other products. The council said the amusement admissions tax is particularly burdensome on workers for whom motion pictures are a principal form of entertainment.

AFL PRESIDENT WILLIAM GREEN said workers have found they cannot afford to attend movies as often as they would like, because of the 20 percent excise tax.

"After all," Green said, "the war has been over for five years."

The council maintained that the excise taxes have reduced trade and employment and thus also the yield to the government from other types of Federal taxes.

Some members of Congress have demanded immediate repeal of these excise taxes, but Truman administration leaders want this repeal accompanied by provisions for increasing other taxes to prevent any loss to government revenue.

A NEW ENDORSEMENT of the administration's health insurance plan was made by the AFL council after Oscar Ewing, Federal security administrator, talked with the council members.

Ewing reported on his recent study of government-sponsored health plans in Europe and asked AFL help in explaining the administration plan to the American people.

Auto Rolled Over Four Times Before Plunge Into River

Somewhat worse for the wear and no cleaner, the 1938 blue sedan, which was hurtled into the Schyllkill river early yesterday morning, awaited repairs last night in a Pottstown garage.

The sedan, owned and driven by Cpl. George Carras, 31, X-ray technician at Valley Forge General hospital, rolled over four times and landed roof-up in the river just off River road, South Pottstown after another car hit it from the rear.

A spokesman at Pottstown Auto Refinishing, 927 High street, said the body of Carras' car was dented and the front pushed in slightly but declined to give an estimate of the damage.

The other vehicle, driven by William Dolhanczyk, 19, Pottstown RD 1, was damaged to the extent of about \$100.

PAUL CHAPPIE, 21, of Hanover Heights, was the only person injured in the accident. The impact of the crash bumped his head into the windshield. Part of the glass was knocked out and Chappie sustained light cuts of the face and head.

Stunned, the Hanover Heights youth rushed from the scene of the

accident to the home of a friend, Edward H. Wisler, 305 South Hanover street. After his cuts were treated, Wisler took him back to the scene of the crash.

Dolhanczyk explained later that he had been wiping the inside of the windshield just before the crash and did not see the other car, parked just off the right side of the road, until too late.

Carras, who was stepping into his car, saw the oncoming vehicle and tried to wave it away. Seeing it was too late, he ducked behind a power pole when the crash came.

The sedan was lifted from the river by a Pottstown Auto Refinishing tow truck. Dolhanczyk's coupe also was towed from the scene.

Later, Wisler took Chappie home

and drove Carras to Phoenixville. The soldier had been stationed at the hospital only two days before the accident.

Chappie refused hospital treatment.

TRY AND STOP ME

By BENNETT CERF

RAIN OF ASHES, a lush novel of high life in New Orleans, by James Neugass, contains a story about the Cajuns that is very popular in Louisiana. (The Cajuns, as you probably recall, are the descendants of the French colonists who settled in the bayou country. Evangeline was one of them.)

Well, it seems that Didi and Alphonse were out seeking crawfish in their flat-bottom boat on a bayou. At night they tied up their boat—or pirogue, as it's called down there, lit a fire, and went to sleep. During the night the boat drifted away from shore and came to rest on the opposite bank. When the two Cajuns woke up they looked across at their boat in astonishment. "We ain't heah no mo'," says Alphonse. "That's right," answers Didi, pointing to the pirogue. "We mus' be ovah theyah!"

"I took out a stuffed shirt last night," Publisher Wartels admitted to friends at the Washington Booksellers' Convention, "but I must say that on her it looked fine."

Alterations to Lutheran Church Start; Class to Hold Its Meetings in Theater

Because of extensive renovations which have begun on the interior of St. John's Evangelical Lutheran church, the Adult Bible class will conduct its 9 a. m. Sunday school class in the State Theater, beginning this Sunday.

Rev. David F. Longacre, pastor of the church, announced that the meeting place was made possible through the co-operation of George H. Kline, owner of the theater and a member of the church, and Henry Brumbach theater manager.

Church officials said the remodeling project, most of which will take place in the main auditorium, will probably be completed by September. The regular morning and evening worship services will be held however at the usual time in the Main department Sunday School rooms.

The interior of the main auditorium will be done in a modified colonial style which will include stained glass windows, depicting the life of Christ from his boyhood to the time of his crucifixion. The chancel of the church will be moved back to form an alcove with choir stalls on both sides of the altar. A new organ will be installed.

New pews will be placed in the same manner as the old ones, with center aisle and two side aisles. New carpeting, new ceilings slightly lower than before, a new lighting system, and a new heating system will be placed in the main auditorium.

NEW FLOORINGS of cork tile will be installed on the front stairway and vestibules, and the side balconies in the auditorium will be removed. The rear balcony will be enlarged so that approximately 570 persons can be accommodated in the church room.

A few changes will also be made in the Main department Sunday school room where chairs will be installed instead of the pews which are there now.

William E. Stauffer, local contractor, is supervising the project. Charles Tally, architect from Telford, drew up the plans for the job. Members of the building committee of the church are: Chairman Irvin G. Eisenhard, Clyde Angstadt, Samuel R. Knouse, Gordon P. Rose, Merrill L. Schweinhart and the Rev. Longacre.

R. A. Henry Leaves Estate of \$38,000

Randolph A. Henry, New Berlinville, a retired farm implement dealer and former miller who died in his home Jan. 16, on the eve of his 75th birthday, left an estate valued at \$38,000 in his will filed on Wednesday. It directed distribution under the state's intestate laws.

To become the heirs in equal shares will be his widow, Laura R. (Houck) Henry; a son, Isaac S., of the Erb and Henry farm implement firm in New Berlinville; and two daughters, Mrs. Bessie Renninger, Schwenkville, and Miss Mae Henry at home. A fifth share will go to Laverne, David and Lillian Henry, children of Harry H. Henry, a deceased son, who died in January, 1949.

The decedent and late Thomas H. Houck, a brother-in-law, established what became known as the Houck and Henry implement business in 1903. As New Berlinville developers they later erected several dwellings in addition to conducting a livestock business. Both retired in 1921.

Houck later was elected Berks county controller and Henry served as a clerk in his office. Henry also served one term as Colebrookdale tax collector and three terms as the township's assessor. Attorney Ralph C. Body, of 56 North Reading avenue, represents the heirs.

Warning Sent Bulgars On Spying in Yugoslavia

BELGRADE, Yugoslavia, Feb. 2 (AP)—Yugoslavia today warned neighboring Bulgaria against pursuing its alleged policy of sending into this country terroristic and spy bands as part of the Russian-led Cominform plot to overthrow Marshal Tito's government.

Father Sues Railroad For Death of His Son

PITTSBURGH, Feb. 2 (AP)—A Westmoreland county father filed suit today for damages against the Pennsylvania railroad in the death of his 11-year-old son, killed by a train near New Florence March 12, 1949.

Robert Kirschner, of New Florence, told the Allegheny county court the engineer of the train which killed John Kirschner failed to sound a bell or whistle as the train approached.

INGRID BERGMAN —

(Continued From Page One)

Dr. Lindstrom is in Hollywood with his and Ingrid's daughter, 11-year-old Pia.

While the movie "Stromboli" was being made, Dr. Lindstrom flew to Italy and met Miss Bergman at Messina the past May. He also was reported to have conferred at the same time with Rossellini. There was speculation then that a reconciliation of the Bergmans might result.

Miss Bergman and Dr. Lindstrom long had been regarded as one of Hollywood's happily married couples.

On Aug. 5, Miss Bergman announced that she planned to divorce her husband. When the suit was filed in Juarez the past week it was said a final decree is expected by Feb. 20.

ROSSELLINI, WHO like Dr. Lindstrom is 43, established his place in the film world with such movies as "Open City" and "Paisan." He achieved powerful tones of realism and tragedy by using the war battered cities of Europe as the settings for his movies.

Miss Bergman last was seen in public in Rome, Jan. 22, when Associated Press photographer Mario Torrisi photographed her. Later the actress lodged a complaint against Torrisi for taking the picture and he was questioned by police.

The clinic where the birth reportedly took place is a modern six-story building. The night supervisor of the clinic, Sister Generosa, went to the gate where a small group of newsmen and photographers had gathered.

She denied flatly that Miss Bergman had entered the clinic. She said: "There were four births here today and none was by the Swedish actress."

As the newsmen and photographers persisted at the gate, lights went on in a number of rooms and shutters were opened by curious occupants.

ST. BLAISE —

(Continued From Page One)

In the name of the Father and of the Son and of the Holy Ghost. Amen."

THE FEAST OF St. Blaise follows the observance of the Purification of the Blessed Virgin Mary—or Candlemas Day—which was celebrated yesterday. It was marked by the blessing of candles before the morning masses in the various churches.

At St. Aloysius church, a mass pro populo was celebrated by the rector, the Rev. William N. Begley, for the intentions of his parishioners. The mass for the people is sung by the rector of the church on 86 major feast days throughout the year.

Throats will be blessed after the 6, 7 and 8 o'clock masses this morning at St. Aloysius church, at 3:30 o'clock this afternoon, and after the 7:30 o'clock services tonight, the Rev. Begley announced. At St. Peter's Catholic church, and St. Gabriel's Catholic church, Stowe, the blessing will be bestowed after the 8 o'clock mass and after the 7:30 o'clock services tonight, while at Holy Trinity Catholic church, it will follow the 7:30 o'clock mass and the 7:30 o'clock evening service.

they fell in her kitchen for those three minutes.

There are lots of groundhogs around her place, Mrs. Leven-good said, and she felt sure some, or all of them must have seen the sun.

Another thing to worry about was the full moon which came out strongly last night after westerly winds swept away the clouds. Can a groundhog see his shadow by moonlight? And, if so, what does it mean?

The wind ended a 94-inch rain. Today will be partly cloudy, windy and a little cooler and tomorrow will be fair and "rather cold," the weatherman said.

Dutch Plane Crashes In Sea, Killing Seven

AMSTERDAM, The Netherlands, Feb. 2 (AP)—A flaming mail and cargo plane of the Royal Dutch airlines (KLM) plunged seven persons, including a young stewardess, to death in the North sea early today.

The crash came on a flight from Amsterdam to London.

The Danish steamer Rigmor reported the plane—a Dakota DC3—fell about 25 miles off the hook of Holland, sea entrance to the port of Rotterdam. The vessel's officers said they found only mail bags and wreckage.

The vessel's first officer said he first saw the plane, between 4:30 and 5 a. m., flying low with sputtering engines. Then it burst into flames and crashed.

Aboard the plane was a crew of four, headed by 32-year-old Captain J. Van Der Heide and including stewardess Catherine Lammers, 26. Three young pilots, making an in-

For almost a half hour, until a patrol car could arrive, Moll delayed the escaped man.

When State Troopers Michael Wargi and Theodore Mainowski arrived at 8 o'clock, Dieterly dashed out of the garage. He dodged down the street and circled the Slesholtzville hotel until the troopers fired warning shots over his head.

As the bullets whizzed by, he fell on his face on the ground.

Warden Peter J. Kelly, of the Montgomery county prison, and Chief of Police David Burns, of Lower Providence township, were called to the scene to recover the prisoner. They returned him to the jail early this morning.

Trojans, Downingtown Collide

Pottstown High's Trojans unveil the product of a personnel shakeup tonight when they go after the strong Downingtown Whippets in a jayvee-varsity twinbill beginning at 7:15 on the Junior High court.

Both the yearlings and varsity will show new faces. Stan Chaplin and Carl Frederick, who have been the scoring sparks of Coach Bill McCabe's hot jayvees, have been moved up. They may or may not get their first varsity chances tonight, but they'll be on hand if needed.

To compensate for the loss, the jayvees have been awarded Tom Pollock, Herbie White and Vince Rettew, all juniors and ex-varsity men.

None of the three has seen much service this year, although Rettew opened the campaign as a regular guard. He lost his slot to Sam Green after two games. McCabe is familiar with the play of Pollock and Rettew, who were on his 1949 squad.

White, however, may prove the jayvee prize. A demon defensive man and fair playmaker, Herbie could blossom with use.

CHAPLIN WILL spell Green at his post behind the

Downingtown zone tonight if the big boy needs any rest. Frederick will go into a backcourt slot if a shakeup is in order.

Meanwhile, the Goodmen, who need this one to keep pace with West Chester in Section 3 titular combat, will go to the post with Dick Ricketts, Lou Iezzi, Green, John Hallman, and newcomer Warren Propp.

Downingtown owns the only Section nod over the Trojans having ousted them, 55-48, at Downingtown on opening night.

Since then, the Whippets have been only mild. Their scoring ace of the opener, 25-point Jackie Helm, has tapered to mediocrity, but in cage parlance is "due" for another spurt.

It is likely Green will draw the assignment of handling the big boy. The two were opposing full-backs when the two schools' grid teams met.

Dick Ricketts, who has had trouble staying the distance of late, will work on Downingtown's six-four center, Ronnie Hogg, while Iezzi likely will fall heir to swift, spurt-playing Pete Hayes.

Hipps, Hi-Y Triumph in Senior League

Hi-Y broke into the Senior circuit win column last night and Hippodrome continued to dog the leader's footsteps in games at the High School.

Hi-Y finally earned a victory after six losses when it defeated winless East End, 44-33, with a late rally. The Hipps took a stirring 58-55 nod from Vocational in the aftermath.

Bob Corbett and Mace with ten points apiece led the Hi-Y team, after the Y's had gotten behind 19-17 at halftime. They meshed most of their sinkers in the final half as their team steadily pulled away.

For East End, Tony Baro was the ace point man with 14 counters, earned on six baskets and two free shots.

THE HIPPS BLAZED to a 24-point third quarter to put down a stubborn Vocational team. Vocational had led by 30-23 at halftime.

Don Fisher and Jim Buccaglia had eight points apiece in the gush and wound up 18 markers between them in pacing the Hipps.

For Vocational, lean Jess Baro had 17 and Bob Koren had 16.

URW's spirited last half surge fell one point short last night when Roversford Legion pulled out a second place deadlock with Three Crowns.

The loss dumped the fading Workers into the "A" league cellar. They have dropped five straight tests.

In the "B" division opener, UAW staged a mild surprise by upending VFV, 47-39, for its first victory in seven games.

Behind 23-16 at halftime and apparently bewildered by the Legion height and backboard control, the Workers scrapped their zone defense in the final half to stage a near-miss.

Late in the fourth quarter when Jack Kurtz and Stan Swenk begin to perk up, the Workers deadlocked the game, 43-43. But a quick bucket by George Mansur who shared Legion point honors, with Don Long, and a succeeding foul toss pulled the winners away by three points.

Seconds later and with the clock buzzing off the final minute, Mort Moore canned a follow shot for the Workers to make it, 45-46. A Moore desperation heave in the final second missed and the Legion was in.

Swenk's 14 points paced the losers and matched the totals of Long and Mansur. Jack Kurtz and Ed Eckert had ten each for URW, while Jack Mowery had 11 for Roversford.

UAW PUT ON A 20-point scoring show in the second quarter to bag its win. Lengel's 20 points led the way, while Bianchini, one of the league's top scorers, had 11.

Raiders Defeat Souderton 68-38, Preserve Win Run

Collegeville's long-fused Raiders erased a definite Big Nine menace Wednesday night in Collegeville when they lapped Souderton, 68-38.

The victory, Collegeville's tenth in as many loop encounters, left the Raiders all alone ahead of the Big Nine pack. Souderton had breezed in with an 8-1 record and was making a real chase of things before the brawl.

At the same time, the Raiders' glittering center, Dee Claycomb, gained breathing room atop the league's individual scoring race when he outshot Souderton's Wormy Alderfer, his nearest pursuer, 26-10.

Souderton tagged along at 12-12 for a quarter, but then the Raiders ground into high gear. They poured in 25 second quarter points while limiting the Warriors to ten and led at intermission, 37-22.

Souderton reached a new low in the third round when it scored only three points. Collegeville had 17, most of them by Claycomb and Bock, who accounted for 17 of the Raiders' 29 baskets between them.

Bock and DeWane finished with 14 points each, while Frederick's seven was second high for the Soudertons.

The two teams meet again Saturday in Souderton, but the Warriors cannot overhaul the Raiders—not this week, anyway.

Owls Honor Grid Team At Banquet

Jay McDowell, stellar Philadelphia Eagle lineman, will be the principal speaker tonight when the Gablesville Athletic association honors its football team at a banquet in Boyertown.

The affair will be held at Cliff's diner.

Gablesville's Owls, one of the stronger independent teams in the area compiled a 7-2-2 record last season while winning the mythical Berks county independent championship.

They took the crown when they upended Reading's VVU eleven in Albright Stadium on Thanksgiving Day, by a 7-0 count. Earlier in the year, the V's had held the Owls to a 6-6 tie.

Chambersburg's Cardinals and Maria Assunta of Pottstown were the only teams to top the Owls all year. Gablesville redeemed itself for the MA setback by trimming the Assuntans in a bitter contest later in the season.

Jack Flowers, one-time president of the Berks county officials association and well-known MC, will be master of ceremonies tonight.

Chaplin Tops JV Scorers

A mid-season spurt has given Stan Chaplin a wide lead in the Pottstown High JV scoring race.

The big center has earned 37 deuces and as many as for 111 points, 16 better than his nearest competitor, Carl Frederick.

Both boys were moved to the varsity in a mid-week shakedown of Trojan personnel, and it may cost them their chances for the yearling point title.

Leroy Hallman, who stays, has 77 markers and Dick Powell, 75.

The Javes have won eight and dropped five games.

They currently pace the Section 3 Javee league with a book of four wins and no losses. Tonight's contest with Downingtown's underlings, recent conquerors of Coatesville and Phoenixville, looms as a payoff tiff in the title chase.

Briton, Greek Head Mat Card

READING, Feb. 2—George Macri-costas, Golden Greek from Chester, Pa., who never picks an opponent, will face topflight opposition at the Reading Armory Saturday night in the feature event of Promoter Bert Bertolini's weekly wrestling show.

In the other corner will be Lord Carlton, England's leading contender for world grappling honors. This will be the first Reading appearance of the Britisher, who reputedly never has had his shoulders pinned. Lord Carlton has been featured in several main events in Philadelphia and Camden and has proven to be a real gate attraction in both cities.

Miguel Torres, rough and rugged Mexican, a winner over Howard Cantonwine here last Saturday night, will be attempting to extend his winning streak when he takes on Reading's wrestling pride, Marvin Mercer.

A recent benedict, Mercer will be making his first mat showing in two weeks.

Jack Kelly and Tiny Mills, a pair of ring "villains," will oppose Dutch Schweigart, blond Camden bombshell, and Francois Miquet of France, in the best-of-three-falls Australian tag team match. Kelly and Mills dropped a rough brawl to Kenny Ackler and Steve Gob last Saturday night, after having beaten Mercer and Ivan Kamaroff in a four-man free-for-all the previous week.

"I'd willingly trade my title for the world's wrestling crown," Lord Carlton said recently, and he meant every word of it. As rough and as tough as they come in the wrestling game, the Englishman never side-steps a challenge.

Shuffleboard Leaders Tied

The first half of the Pottstown Clubmen's Shuffleboard loop ended last night, with two teams tied.

Locked for first place are the Phoenixville American Legion, late comer to the loop and the Linfield Fire company. Both have a 23-12 mark. In a stalemate for the runnerup spot, with like 19-16 ledgers, are the Die Casters' club and the Pottstown Moose.

The Quoit Club, St. John's the Elks, and the Eagles HA round out the eight-team circuit in that order.

A meeting of all team managers and captains will be held tonight at the Elks' home at 8 o'clock.

TITLE TRAIL NARROWS Undeclared Schoolboy Quintets Face Menace

HARRISBURG, Feb. 2 (AP)—Pennsylvania's schoolboy cage leaders enter a jam-packed weekend of action with many licking wounds of Tuesday's upsets.

Among the powerhouses suffering unexpected losses to open the campaign's second round were Homestead, Haverford, Shenandoah and Lebanon.

Haverford suffered the rudest jolt when the Fords' 12-game winning streak was snapped by The Hill school, 51-45. It was the first loss of the season for Haverford, considered the top team in District One.

However, since The Hill school is a private institution, the loss doesn't damage the Fords' PIAA record.

The Homestead loss to Monaca, 63-53, also was non-league but dimmed Coach Chick Davies' chances of producing a playoff contender. The Steelers opened the second round of the WPIAL Section 6-A race tomorrow night at home against Donora.

Shenandoah is just about resigned to the fact that it can beat everyone but St. Clair. The Blue Devils, who have been averaging 63½ points per game, lost its second contest of the season and again straight victories were sandwiched in between those two losses.

Lebanon's chances of clinching the Central Penn league crown were temporarily sidetracked by a 38-33 loss to Reading. The first half champions now must wait for losses by Reading and York before having a chance for the second round title.

The loss shoved the race into a two-way tangle between the Red Knights and the White Roses. The two meet Feb. 24 in the finale—the same game that has decided the Central Penn title for the past two years.

The picture may be clear tomorrow night when York meets Lebanon.

Catasauqua, one of the few major undefeated quintets, meets its toughest test of the Lehigh Valley league second swing tomorrow night against Whitehall, last year's District 11 champion. The tilt should turn out to be one of the night's best.

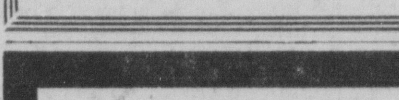

All-winning Farrell draws Ellwood City while unblemished Uniontown plays host to Conestoga in WPIAL highlights. Other top games in the huge Western league send Canonsburg to Waynesburg, Brownsville to Monongahela, Greensburg to Hurst and McKeesport to Duquesne.

The Northwest's two unbeaten combines—Bradford and Oil City—meet dangerous foes at home this weekend. Tiusville journeys to Oil City in District 10 while Bradford entertains potent Warren.

Plymouth and Swoyerville, both unbeaten in Northeast section play, should have little trouble with Hanover Township and Sugar Notch, respectively.

CHISOX BUY PHIL MASI

PITTSBURGH, Feb. 2 (AP)—Catcher Phil Masi has been sold to the Chicago White Sox for a straight cash price of more than \$10,000, the Pittsburgh Pirates announced today.

Billy Meyer, manager of the National league baseball club, said Masi, 33, did not fit in the Pirates' catching plans for 1950. Masi hit .246 and batted in 19 runs in 1949. A National league veteran for 11 years, he was obtained from Boston last year for cash and Outfielder Ed Sauer.

Sheridans Jolt Presbyterian

Charlie Moore rattled off 28 points last night at Bethany as Sheridan's piled up a 79-13 win over Presbyterian.

The losers could muster no more than 5 points in any one chapter, while the Specials were romping off with single period scores anywhere from 25 to 16 in completely outclassing their foes.

Kiner Signs \$65,000 Contract

LOS ANGELES, Feb. 2 (AP)—Calif. pitcher, just out of high school. It was a record for a new-comer.

Kiner received \$40,000 last year, for which he batted .310 and drove in 127 runs. It was his best season, but he said today: "I think I've at least eight good years left."

Looking fit from a winter of golfing (in the '70s) and playing squash, Kiner posed happily with Hamey for photographers.

"I'm very well satisfied," he said. Hamey said it's the highest price ever paid a Pirate, topping the \$60,000 given First Baseman Hank Greenberg when he came to Pittsburgh from Detroit.

It also is the first time, under the present BUC regime, that a player has been signed for more than one year. That was mutually agreeable—protection for Kiner if he has a bad year; protection for the club if he has an even better one than last.

"There was never a hitch in the negotiations," Hamey declared. "There was a compromise, though—a small compromise."

General Manager Roy Hamey made the announcement at the conclusion of a brief conference with the 27-year-old Kiner, who hit 54 home runs—six behind Babe Ruth's all-time mark—last season.

For Hamey, it was the second big deal in three days. On Tuesday he paid \$100,000 for baseball rights to Paul Pettit, 18-year-old Lomita,

Calif. pitcher, just out of high school. It was a record for a new-comer.

BARREL YEAR
FOR SCHMIDT'S!
... even greater than 1948!

During 1948 Schmidt's made history by selling and delivering more than one million barrels of beer and ale, something never before accomplished by a single Philadelphia brewery. In 1949 Schmidt's exceeded this impressive record. The reason is not hard to

find: Schmidt's beer and ale are definitely superior in quality and flavor and more and more people are discovering this fact!

Naturally, we are grateful for this great and growing preference for Schmidt's. It shall be our constant aim to deserve it.

Conductor-emeritus Serge Koussevitzky of the Boston Symphony orchestra, says President Truman is too modest about his piano playing abilities.

"We all know that he plays much better than he talks about it."

Professor Zinaida Vishinsky, daughter of the explosive Soviet foreign minister, has written a book. Title: "Crimes in the Field of Labor Relations."

Straight-shooting movie cowboy Bill (Hopalong Cassidy) Boyd is making money hand over fist in television and he doesn't have to do anything.

Fifty-four of his Hopalong pictures are pulling down \$1,000,000 a year and Boyd gets \$150,000 a year as his cut and that doesn't count the money he makes from movies, radio, personal appearances, and various Hopalong cowboy toys and clothes.

When Billy Rose's apartment was robbed of \$25,000 worth of jewelry recently, he quipped: "I'm glad Baby had her war paint on tonight."

His wife, Eleanor Holm, was wearing \$250,000 worth of gems as the couple was taking in a show while the robbery was being committed.

A short, stocky man was barred from the Coplon-Gubitchev trial courtroom the other day. He didn't have a pass.

"All right then I go home," he said cheerfully.

He was later admitted when his lawyer identified him—as one of the defendants, Valentin A. Gubitchev.

Singer Ginny Simms has filed suit

VALENTIN GUBITCHEV

for divorce from Hyatt Dehn, an industrial engineer.

The couple has two children—the second born only a month ago. It was her first marriage, his second.

Larry Parks' wife, Betty Garrett has become a "Mammy." The blessed bundle of joy is a boy. They have been married for five years and the child is their first.

Three musicians have cashed in their chips after playing Tchaikovsky's "Pathetique." The deaths have brought all kinds of comment from musicians the world over.

Some are convinced the score should not be played. Others just scoff.

Arthur Rodzinski, conductor of the Los Angeles Philharmonic orchestra, says he "feels queer about this Tchaikovsky thing," but "we are going to play it anyway. You do not change programs."

Democrat James Roosevelt, son of the late President, is confident he will be the next governor of California. After the election, he said, "Governor Warren will join the other 400,000 who are unemployed in this state."

Elizabeth Taylor, who graduated recently from the University High school, was a B plus student. Brains as well as beauty.

One of Hollywood's most unusual separations looks like it's going to end up in the divorce court.

Phil Silvers and Jo Carroll Dennison play the leading roles.

When the two decided to live apart, Jo Carroll rented an apartment.
